Re: Gans Road/US 63 Transportation Development District

Dear Mr. Lindner and Mr. Day:

I have received a Missouri Sunshine Law, Chapter 610, Revised Statutes of Missouri, Request for Records and Documents.

While I was elected by the Board of the Gans Road/US 63 Transportation Development District, as the custodian of records for that transportation development district (“the District”), my term of office expired some time ago. To my knowledge, no meeting of the Board has been held since my term expired, and I am, therefore, no longer the custodian of records of this District.

Furthermore, neither the Board nor the officers have provided to me any copies of minutes, budgets or other documents or information which would be included within Mr. Day’s, the *Missourian*’s, Sunshine Law Request. I have received no communication from the District, or its directors or officers, for some substantial period of time.

Therefore, even if I am still considered to be the custodian, which I am not, in view of the matters set forth above, I resigned as the custodian, effective last Friday, February 20, 2009. I hereby give you notice of my resignation as such.

If you have not already been advised of such, I have resigned and do hereby resign as custodian of the records of the TDD effective Friday, February 20, 2009.

It is my intention to cause all of the records of the District which are in my possession, and which are quite old, to be delivered to Mr. Lindner's office, and I would suggest that Mr. Day contact Mr. Lindner for any additional documents or information to which he believes he is entitled.

Thank you for your kind attention to this matter.

Sincerely,

Linda E. Wright
