EXECUTIVE SUMMARY:

Council requested staff provide a report on the number of juvenile crime statistics indicating the number of juveniles arrested and the types of crimes they were arrested for within the hours of 11:00 p.m. and 6:00 a.m.; and a breakdown of who was making the arrests for all of the juveniles -- regular officers or school resource officers.

DISCUSSION:

The first chart lists the total of juvenile arrests by hour and year. The second chart lists juvenile arrests by UCR classification.

The third chart gives the total number of juvenile arrests during all hours by school resource officers and all other officers. Please note that for the years 2000 through sometime in 2004, there is not a specific arresting officer identifier used for the overall arrest so data prior to 2004 for this request would not be accurate.

FISCAL IMPACT:

None

SUGGESTED COUNCIL ACTIONS:

Staff recommends acceptance of report.
